RE: *Common Manual Bulletin Language*
[Batch 136: Proposals 912 - 918]
[Batch 135: Proposal 909]

DATE: January 3, 2006

On December 21, 2006, the *Common Manual* Governing Board approved policy changes to the *Common Manual* as proposed in the seven proposals from Batch 136 and one proposal from Batch 135. The changes made in these proposals will be incorporated into the *Common Manual's* annual update. These changes will also be incorporated into the *Integrated Common Manual*. The *Integrated Common Manual* is available on several guarantor websites and is also available on *Common Manuals's* website at www.commonmanual.org.

At the same time the proposed *Common Manual* language was drafted, the *Common Manual Policy Committee* drafted common bulletin language for each policy change. That language has been edited and is enclosed for each guarantor to use in publishing interim policy updates to schools and lenders.

The Plan for Maintaining and Updating the *Common Manual* adopted by the *Common Manual* guarantors states that:

"Participating guarantors shall publish all interim updates in their bulletins promptly (within 30 to 45 days) and without revision. However, nothing in the plan shall be construed as prohibiting participating guarantors from also publishing guarantor-specific policies in their bulletins provided such policies do not conflict with the provisions for guarantor-specific policies described in the *Cooperative Agreement for Guarantors Participating in the Common Manual*. Neither shall participating guarantors be prohibited from publishing their own procedures or other information in their bulletins."

Newsletter editors may delete the policy reference numbers and proposal titles from the publication, and may rearrange the order of the articles or combine articles that are related to the same subject.

Industry participants that publish this information should include a statement directing any questions regarding the policy changes to the primary guarantor serving that reader.
